Which NIMS Management Characteristic refers to personnel requested through appropriate authorities and established resource management systems? A. The Incident Command System (ICS) can be used to manage any type of incident, including planned event A. Planning B. Public Information Officer B. Common terminology At the incident scene, who handles media inquiries? Finance/Administration 28. When command is transferred, the process should include a(n): A. Flexibility B. Planning 36. Agency-specific codes C. Operations Section Chief 18. Finance/Administration Section Chief Which General Staff member prepares Incident Action Plans, manages information, and maintains situational awareness for the incident? Planning Within the National Incident Management System Characteristics, the concept of common terminology covers all of the following EXCEPT C. Logistics D. Found a mistake? Dispatch/ Deployment B. A relatively new approach created based on the lessons learned from the 9/11 terrorist attacks B. A standardized approach to incident management that is applicable for use in all hazards C. A military system used in domestic incidents to ensure command and control of Federal resources D. Most applicable to the management of complex incidents that extend over many hours or days 30. Unified Command To avoid overburdening the incident command, resources should not self-dispatch (spontaneously deploy). Director Staff B. Management by Objectives D. Dispatch/ Deployment Qualification, Certification, and Credentialing Personnel are part of which NIMS Management Characteristic? Point-of-distribution sites B. Camps C. Accountability B. Comprehensive Resource Management C. Information and Intelligence Management B. Jurisdiction or organization with primary responsibility for the incident B. Incident Facilities and Locations D. The Incident Command System (ICS) is only applicable to large, complex incidents A. TRUE B. FALSE 5. Agency Executive C. Public Information Officer D. Situational Awareness B. Finance/Administration 27. Finance/Administration Which position is always staffed in ICS applications? Incident Commander Check-in, Incident Action Planning, Personal Responsibility, and Resource Tracking are all necessary to ensure: C. On small incidents in advance, they may accomplish all management functions If your section is not staffed the incident commander will do what Manage those functions themselves The incident commander is responsible for what Overall incident safety, providing information services to internal and Xternal stakeholders, establishing and maintaining liaison with other agencies participating in the incident Incident commanders me. Command B. Redundancy 29. Operations Section Chief Who has overall responsibility for managing the on-scene incident D. The Incident Command System (ICS) is a. Manageable Span of Control 35. Logistics Section 10. Incident Commander or Unified Commander Expansion of the ICS modular organization is the responsibility of the: C. Commander 4. TRUE The Liaison Officer D. One of the benefits of ICS is that it provides an orderly, systematic \_\_\_\_\_ process. A. Deployment B. Arranges for resources and needed services to support the incident objectives B. Tracks resources and maintains incident documentation C. Provides information to the public D. Is the point of contact for other response organizations 9. Establishment of the ICS modular organization is the responsibility of the: A. Operations Section Chief D. Operations Division Director 6. Incident Command Post D. Which ICS functional area monitors costs related to the incident and provides accounting, procurement, time recording, and cost analysis? A. Incident Command C. Which of the following are typical incident facilities? A. Emergency Operations Center director B. Butler 10th grade chemistry class throughout the school year C. The management of nursing staff at the city General Hospital during weekend shifts D. The oversight of the annual fiscal budget for the Brownsville Library, including the procurement of new books. The Incident Command System (ICS) can be used to manage any type of incident, including planned events A. TRUE B. FALSE 15. Manageable Span of Control refers to: A. Operations Section Chief C. That's the only way we can improve. Technical Specifications C. Information and Intelligence Management 20. Award Ceremony B. Accountability B. Tactics Section Chief D. Which General Staff member prepares Incident Action Plans, manages information, and maintains situational awareness for the incident? A. Integrated Communications Which NIMS Management Characteristic refers to personnel requested through appropriate authorities and established resource management systems? Incident Facilities 41. Which General Staff member negotiates and monitors contracts, maintains documentation for reimbursement, and oversees timekeeping for incident personnel? A. Management by Objectives 17. All of the Above? 7. They maintain their span of control but Adding branch directors in unit leaders What is the logistics section is the major activities? Ordering obtaining maintaining accounting for essential personnel equipment and supplies, providing communication planning and resources, Setting up food services for responders, Setting up and maintaining incident Facilities, providing support Transportation, providing medical services the incident personally ICS 100 Online Course Preview Let us know if this was helpful. FALSE Depending on the incident size and complexity, various types of support facilities may be established by: C. Which General Staff member is responsible for ensuring that assigned incident personnel are fed and have communications, medical support, and transportation as needed to meet the operational objective? Incident Facilities and Locations C. Based on the number of individuals or resources that one supervisor can manage effectively during an incident B. Directing, ordering, or controlling by virtue of explicit statutory, regulatory, or delegated authority C. The ability to control information exchange within and across organizations involved in an incident D. Assumed by the individual who is the highest-ranking person on the scene regardless of experience or training level 39. Liaison Officer B. Sustainability D. Incident Commander Which ICS functional area monitors costs related to the incident and provides accounting, procurement, time recording, and cost analysis? Check-In/Check-Out of incident personnel Major activities of the Logistics Section include: D. Technical language D. Acronyms 23. Directing, ordering, or controlling by virtue of explicit statutory regulatory, or delegated authority. A standardized approach to incident management that is applicable for use in all hazards Which ICS functional area tracks resources, collects and analyzes information, and maintains documentation? Incident Facilities and Locations C. Comprehensive Resource Management. Who is responsible for doing it? ICS has been used to manage incidents such as fires, earthquakes, hurricanes, and acts of terrorism. In a Unified Command, members representing multiple jurisdictions and agencies work together to establish: A. The Incident Commander for previous operational period C. Planning Section Chief 40. Briefing Which ICS functional area establishes tactics and directs all operational resources to reach the incident objectives? Reports to only one ICS supervisor. Technical Specifications If the Incident Commander designates personnel to provide public information, safety, and liaison services, the personnel are collectively referred to as the: B. TRUE The Incident Commander or Unified Commander establishes incident objectives that include: C. Who designates the Incident Commander and the process for transferring command? A. Study ICS 100 using smart web & mobile flashcards created by top students, teachers, and professors. A. Resources it's critical to know What resources are needed and available and where the deployed resources are located. Resource management includes process identifying resource requirements, ordering in acquiring, mobilizing and dispatching, tracking and reporting, recovering and demobilizing, reimbursing and maintaining inventory ICS Incident command post Information and intelligence management Risks assessments, threats involving the potential for violence, surveillance of Disease outbreaks, weather forecasts, structural plans, and vulnerabilities Situation implications for incident management assisted living building collapse? Take measures to ensure safety if responders, prioritize needs, determine incident objectives, identify resources needs ICS enables Enables a coordinated response among various jurisdictions and agencies, establishes common processes for planning and managing resources, allows for integration of Facilities equipment personnel procedures in communication operating within a common organizational structure What is the first thing you would do after incident Established initial incident command, assessor size up the situation, take measures to ensure life safety, establish perimeter control and security, determine resource gaps, request Aid What questions should incident action plan ask? What do we need to do? How do we communicate? ICS is a modular organization Top-down based on size and complexity, determined based on the incident objectives and resource requirements, expands and contracts as needed and requires each element have someone in charge What is Span of control number of individuals or resources one supervisor can manage affectively during an incident Spanish control on incidents vary from 3-7 and one supervisor to five subordinates Base Logistics administration Staging area Resources waiting to be deployed Helibase The location from which helicopter centered air operations are conducted Helispot Temporary location for helicopters can land and take off Accountability checklist Check in, incident action plan, unity of command, Span of control, resource trucking What is your first task after being dispatched Checking and received an assignment After you have checked in and gotten assignment what do you do next Locate your incident supervisor and obtain your briefing Briefings should include Assessment of the situation, incident objectives, job responsibilities, ICS structure, location of work area, identification a break areas, instructions for getting resources, work shifts, safety procedures, personal protective equipment Sure do you respond without being dispatched? No Common terminology covers what Organizational functions, resource descriptions, and maintaining inventory ICS Incident command post Information and intelligence management Risks assessments, threats involving the potential for violence, surveillance of Disease outbreaks, weather forecasts, structural plans, and vulnerabilities Situation implications for incident management assisted living building collapse? Take measures to ensure safety if responders, prioritize needs, determine incident objectives, identify resources needs ICS enables Enables a coordinated response among various jurisdictions and agencies, establishes common processes for planning and managing resources, allows for integration of Facilities equipment personnel procedures in communication information sharing? Incident Objectives Which NIMS component includes the Incident Command System (ICS)? Manageable Span of Control Manageable Span of Control refers to: How many deputies? One and they must be as qualified as they are Deputy incident commanders may be designated to Perform tasks requested by the IC, perform the incident command function, represent in assisting agency What does the command staff do you? Provides information, safety, and liaison services for the organization What does the general staff do? Signed functional authority for operations, planning, logistics, and finance and administration Command staff Public information officer, safety officer, liaison officer Liaison officer Serves as the primary contact for other agencies assisting at an incident The incident commander may establish what four sections? Operations, planning, logistics, finance and administration What does the operations section do? Directs all response and tactical actions to achieve the incident objectives What does logistics do? Activated as needed to support the incident response What will the incident commander first establish? Operations The remaining sections are established only as needed Using consistent titles ensures what? People from different organizations have the same credentials and qualifications Who is responsible for a strike team or task force? Leader and support position is single resource boss What is the title of the organizational level of a unit? Leader is the title and the support position is manager Who is responsible for a division or group? Supervisor and there is no support position Who is responsible for overall management of the incident? Incident commander with support position as Deputy Who is responsible for supervision of a branch? Director What is the title of the command staff organizational level? Title as officer and support position as assistant Who is responsible for supervision of a branch? Director and support position is Deputy Who is responsible for a functional sections such as operations? Chief, support position is deputy Is signing deputies from other organizations can increase what? Inter-agency coordination Sections chiefs are referred as General Staff Operations section chief Develops and implements strategy tactics to carry out the incident objectives and organizes the assigns and supervises the tactical response resources. TRUE B. FALSE 16. Which General Staff member is responsible for ensuring that assigned incident personnel are fed and have communications, medical support, and transportation as needed to meet the operational objective? A. Selection of Incident Commanders is done by the: A. Liaison Officer D. Communications Officer 25. Briefing The Incident Command System (ICS) is: C. The operation section chief is the person with the greatest technical expertise in dealing with the problem at hand What are single resources? Individuals equipment crew or team Single resources may be organized into two different types of teams Task forces or strike teams Task force The combination of mixed resources was calm and communications operating under the direct supervision of a Strike team Consist of similar resources with common communications operating under the direct supervision of a leader What elements can be added to the operation section to manage span of control? Groups are divisions What type of organization is the division? East to divide an incident geographically What are groups described as? Functional areas of operation Who can the operation section chief add to supervise groups and divisions? They can add branches with the person in charge designated as a director When an operation section chief begins organizing resources into functional areas the correct addition is called Group Who determines of the planning section should be added? The incident commander What are the major activities of the planning section? Collecting evaluating in displaying incident intelligence and information, preparing and documenting incident action plans, maintaining incident documentation and developing plans for demobilization Planning sections main include the following Resources unit, situation unit, documentation unit, demobilization unit Who decides if the logistics section should be added? The incident commander What is the logistics section chief do? Make sure there are adequate resources personal supplies and equipment for meeting the incident objectives. Ordering, obtaining, maintaining, and accounting for essential personnel, equipment, and supplies Major activities of the Planning Section include: A. Resource Descriptions D. How do we communicate? ICS structure requires each element have how many people in charge? Each element have a person in charge Span of control The number of individuals or resources one supervisor can manage affectively during an incident. Incident Command Which member of the Command and Staff interfaces with other agencies to meet incident-related information requirements? Operations The NIMS Management Characteristic of Chain of Command and Unity of Command means that each person: C. Integrated Communications C. to incident personnel Function 5 major activities in the ICS: command, operations, planning, logistics, and Finance/Adm JIC Joint information center facility to coordinate all incident related public information activities for all agencies JIS Joint information system integrates incident information and public affairs providing structure and system for developing and delivering messages on behalf of the IC incident commander NIMS includes Preparedness, communication, resource management, command management, ongoing management and maintenance. Comprehensive Resource Management Which NIMS Management Characteristic may include gathering, analyzing, and assessing weather service data from technical specialists? Which General Staff member directs all responses and tactical actions to achieve the incident objectives? A. Multiple Command 38. Finance/Administration 14. Designed to work together NIMS command and management components/ elements Incident command system, multi agency coordination systems, and public information Unified command UC Incident command system application use one more than one agency has incident jurisdiction or when incidents cross political jurisdictions Common operating picture Incident commander has authority to establish objectives, make assignments, order resources Chain of command Does not prevent personnel from communicating with each other Unit of command Report and receive work assignments only from there ICS supervisor Steps to manage incident Establish initial incident command, assess the situation, take measures to ensure life safety, establish perimeter control and security, determine resource gaps, request mutual aid and assistance Incident objectives established on the following priorities Life safety, incident stabilization, property preservation AP Incident action plan. Command Staff Which one of the following activities is an example of incident coordination? An orderly line of authority that exists within the ranks of the incident management organization B. The act of directing, ordering, or controlling by virtue of explicit statutory, regulatory, or delegated authority C. The process of moving the responsibility for incident command from one Incident Commander to another D. The number of individuals or resources that one supervisor can effectively manage during an incident 19. Comprehensive Resource Management Browse over 1 million classes created by top students, professors, publishers, and experts. Planning Section Chief Which General Staff member directs all responses and tactical actions to achieve the incident objectives? Finance/Administration Section Chief 2. Which ICS functional area tracks resources, collects and analyzes information, and maintains documentation? A. Which ICS functional area establishes tactics and directs all operational resources to reach the incident objectives? A. Very from 3 to 7 and a ratio of one supervisor to five subordinates ICS. At the incident scene, who handles media inquiries? A. Unified Command D. Public Information Officer The Incident Command System (ICS) is only applicable to large, complex incidents. Identifying strategies, tactics, tasks, and activities to achieve the objectives B. Selecting personnel to serve on the Incident Management Team C. Delegating functional responsibilities and specifying resource types D. Establishing a manageable span of control ICS-100 114 terms and answers NIMS National incident management system provides approach to guide agencies to recover from incidence and reduce loss of life and property and harm to the environment HSPD-5 Homeland security presidential directive's requires DHS federal state local and tribal governments to establish NRF and NIMS DHS Department of homeland security NIMS National incident management system NRF National response framework like in organizational chart who does what command structure ICS-30 Describes the nature and approach to preparedness and involving whole community, individuals businesses and faith-based organizations schools and tribes and all levels of government NRF Guide Describes how the nation conducts all hazards response and all agencies apply the principles for coordinated effective national response Camp Site in the incident area separate from the incident face equipped and staff to provide sleep food etc. Planning Section Chief D. Identifying strategies, tactics, tasks, and activities to achieve the objectives. Let us know about it through the REPORT button at the bottom of the page. Who designates the incident commander and the process for transferring command? The incident commander is the person responsible for all aspects of an emergency response; including quickly developing incident objectives, managing all incident operations, application of resources as well as responsibility for all persons involved. The organization or jurisdiction with primary responsibility for the incident designates the Incident Commander and the process for transferring command. FEMA 100 ICS-100 answers 1. Logistics Section Chief B. Finance/Administration 26. Logistics Section Chief D. Public Information Officer To ensure a smooth transfer, the outgoing Incident Commander should provide a(n) \_\_\_\_\_ to the new Incident Commander. Command and Coordination Chain of command prevents personnel from directly communicating with each other to share information. Looking for Expert Opinion? Incident Commander C. Resolving critical resource issues. Which NIMS Management Characteristic is necessary for achieving situational awareness and facilitating information sharing? A. Specifies instant objectives, states activities to be completed covers a time frame called an operational, Maybe oral or written except for hazardous materials incident which require a written IAP AP answers these questions What do we need to do? The number of individuals or resources that one supervisor can effectively manage during an incident. TRUE The NIMS Management Characteristic of Information and Intelligence Management may include surveillance of disease outbreaks, Chain of Command and Unity of Command D. Finance/Administration 42. Safety Officer C. Area Command C. Planning Section Chief B. Safety C. Recovery D. Information and Intelligence Management Which item is included in the NIMS Management Characteristic of Accountability? The Whole Community approach refers to different organizations within the Federal Government A. TRUE B. FALSE 12. TRUE Acquiring, Storing, and Inventorying Resources are part of which NIMS Management Characteristic? Public Information Officer C. Incident Objectives C. Which NIMS Management Characteristic may include gathering, analyzing, and assessing weather service data from technical specialists? A. Prep for a quiz or learn for fun! We thoroughly check each answer to a question to provide you with the most correct answers. The Section Chiefs B. The jurisdiction or organization with primary responsibility for the incident D. In a Unified Command, members representing multiple jurisdictions and agencies work together to establish: A. The number of subordinates that one supervisor can manage effectively during an incident is referred to as A. Which position is always staffed in ICS applications? A. Incident Commander. TRUE One of the benefits of ICS is that it provides an orderly, systematic \_\_\_\_\_ process. Command is: A. Command Staff 3. Which member of the Command and Staff interfaces with other agencies to meet incident-related information requirements? A. Operations C. What resources are needed? Integrated Communications 21. Operations D. Executive Staff D. Which ICS function is responsible for documentation for mutual aid agreements? A. An Incident Action Plan is captured and communicates overall operational and support activities for an incident A. TRUE B. FALSE 32. If the Incident Commander designates personnel to provide public information, safety, and liaison services, the personnel are collectively referred to as the: A. Accountability When command is transferred, the process should include a(n): C. Local Authorities C. Detailed Lesson Learned Report D. To avoid overburdening the incident command, resources should not self-dispatch (spontaneously deploy) A. Incident Staff C. FALSE Which ICS function is responsible for documentation for mutual aid agreements? Planning Officer 34. Finance/Administration Selection of Incident Commanders is done by the: C. Incident objectives that drive incident operations are established by: B. Operations Section B. To ensure efficient, clear, communication, the National Incident Management System Characteristics recommend the use of: A. Unified Command 37. The Incident Commander or Unified Commander establishes incident objectives that include: A. Who has overall responsibility for managing the on-scene incident? A. Shared Agency Authority 24. Accountability C. The Liaison Officer A. Mutual Command B. Which ICS functional area arranges for resources and needed services to support achievement of the incident objectives? A. Logistics Section Chief Which General Staff member negotiates and monitors contracts, maintains documentation for reimbursement, and oversees timekeeping for incident personnel? Emergency Operations manager C. Preparing and documenting Incident Action Plans. Organizational Functions B. Briefing C. Media Relations Specialist B. The Command Staff 13. TRUE To be effective, the Incident Action Plan should cover a specified time frame A. Incident Commander When partners representing multiple jurisdictions or agencies work together to establish the incident objectives, what type of Command is being used? Within the National Incident Management System Characteristics, the concept of common terminology covers all of the following EXCEPT: A. Jurisdiction or organization with primary responsibility for the incident An Incident Action Plan is captured and communicates overall operational and support activities for an incident. Resource Allocations D. Which Section organizes, assigns, and supervises tactical response resources? A. Which of the following situations represent another viable application for the use of ICS? A. Common terminology B. When partners representing multiple jurisdictions or agencies work together to establish the incident objectives, what type of Command is being used? A. Check-in, Incident Action Planning, Personal Responsibility, and Resource Tracking are all necessary to ensure: A. C. Qualification, Certification, and Credentialing Personnel are part of which NIMS Management Characteristic? A. B. The planning and operation of the Central City annual Labor Day celebration, including a parade and fair B. The oversight of safety issues associated with Mrs. Intelligence Report 11. The jurisdiction or organization with primary responsibility for the incident Command is: A. Allows agencies to work together Management by objective's includes Establishing overarching incident objectives, developing strategies, developing an issue mean assignments plans procedures and protocols, establishing measurable tactics or tasks Five major management functions Command, operations, planning, but just sticks, finance and administration Command sets what's it an objective strategies and priorities and has overall responsibility for Operations does what Can ducks operations to reach the incident objectives established his tactics and directs all operational resources Planning does what Supports the incident action planning process by trucking resources collecting and analyzing information and maintaining documentation Logistics Arranges for resources in need of services to support achievement of the incident objectives Finance and administration Monitors cost related to the incident and provides accounting procurement time recording and cost analysis Incident commander has overall responsibility for Establishing objectives, planning strategies, implementing tactics. Planning Who designates the Incident Commander and the process for transferring command? The Whole Community approach means that solutions serve the affected community and a variety of resources are used as needed. Is the point of contact for other response organizations To ensure efficient, clear, communication, the National Incident Management System Characteristics recommend the use of: C. Safety Officer 33. Finance/Administration 22.
